

Dear Dancers and Dance Enthusiasts,

It is with a thoughtful sadness, we have been checking the CDC, watching Universities make announcements, and discussing virology with the resident scientist.

We are pulling the plug and figuring out how to put the Movement and Meaning Workshops and Hafla at Trumpet Blossom on life support.

Until we can confidently host and bring people together again, we will wait. More information on how we will handle show tickets and workshop registration soon.

Thank you so much for your support and know that we really want to share dance with you!

The event is Cancelled-for-Now.

Please stay home and healthy!

We look forward to dancing with you as soon as possible.

Yours in dance,

Fritha-Farida and Kahraman Dance
